Make workflow clearer by separating the use cases (states vs scenarios) and adding sense of chronology to the many buttons available.

I'm a hospitalized patient

It's easy to vote from your hospital

Follow the general steps below, outlined on each [state-specific](#) page.

I'm a healthcare provider of the patient

As a healthcare provider, it's our job to care for the patient. The whole patient. You have the potential to help them vote from their hospital bed, if they're interested. Below are some steps that you can take to help your patient vote.
